

Business Development Group (BDG)

CSIR – Advanced Materials and Processes Research Institute (AMPRI), Bhopal

Technology • Innovation • Partnerships • Commercialization

Overview

The **Business Development Group (BDG)** at **CSIR–AMPRI** connects research excellence with industrial needs. BDG enables technology transfer, collaborative R&D, industry partnerships, IP management, and startup support—ensuring AMPRI’s materials and engineering innovations create national impact.

Vision

To transform advanced materials research into scalable and sustainable industrial solutions through innovation-driven partnerships.

Mission

- Enable strategic industry–research collaborations.
- Accelerate commercialization of AMPRI technologies.
- Support startups, IP development, and incubation.
- Strengthen AMPRI’s innovation and outreach ecosystem.

Key Functions

Technology Transfer

Licensing & commercialization of AMPRI innovations.

Industry Collaboration

Sponsorships, consultancy & contract research.

IPR Management

Patenting, IP portfolio & licensing support.

Services Offered

- Technology Transfer & Licensing
- Industrial Consultancy & Contract Research
- Material Testing & Characterization
- Prototype Design & Pilot Scale Assistance
- Workshops, Seminars & Technology Meets
- IPR Support (Patents, Licensing)
- Startup Mentoring & Incubation Support

Technology Domains

- Advanced Materials (Metals, Ceramics, Composites)
- Waste Utilization & Recycling Technologies
- Functional & Nano Materials
- Additive Manufacturing & 3D Printing
- Eco-friendly, Smart & Sustainable Materials
- Structural & Seismic Engineering Solutions

✦✦ Why Partner with CSIR-AMPRI?

- World-class R&D and state-of-the-art labs.
- Proven record of industrial impact.
- Strong technology transfer ecosystem.
- Tailored solutions for MSMEs, startups & industries.
- Holistic IP, testing, consultancy & innovation support.
